

VISTAAR 2024

VISTAAR 2024, organized by the Department of AIML and the Artificial Intelligence Students Association (AISA) of Vivekananda College of Engineering and Technology (VCET), was a highly successful event that concluded on November 30, 2024. The flagship event saw the participation of over 350 II PU students, who engaged in a series of diverse competitions, career guidance sessions, and interactive activities. VISTAAR 2024 aimed to introduce students to the dynamic world of engineering and foster an environment of innovation, creativity, and technical learning.

The event was inaugurated by Sri. Vishwas Shenoy K, the President of the Governing Council, VCET Puttur. His motivational address set an inspiring tone for the day, encouraging participants to explore their potential and embrace innovation. His words resonated deeply with the students, setting the stage for a day full of learning, creativity, and engagement.

A key highlight of VISTAAR 2024 was the career guidance session delivered by Dr. Shreesha That, President of the Akanksha Charitable Trust. The session provided invaluable insights into career planning and the opportunities available in the fields of engineering and technology. Dr. That's advice empowered students to make informed decisions about their futures, motivating them to pursue their interests with confidence and clarity.

The event featured a wide range of competitions designed to challenge participants and showcase their skills. These competitions included **Code Debugger, Quiz Quest, Slidescape, Reel Making, Kala Nirvana, Mind Maze, Knowledge Knockout, Bang Jam, Artelligence, Treasure Hunt, Build a Bot, SciTri Battle, Dumb Charades, Collage Making, and Mad Ads**. Each competition encouraged creativity, teamwork, and technical expertise, allowing participants to demonstrate their talent and enthusiasm across various domains.

In addition to the competitions, departments from AI, CS, CV, CD, ME, and EC organized small games and activities that provided participants with insights into different branches of engineering. These activities were both engaging and educational, offering a unique perspective on the practical aspects of each engineering discipline and broadening students' understanding of the field as a whole.

VISTAAR 2024 also saw active participation from several institutions, with students from **Vivekananda PU College, Narendra PU College, Indraprastha PU College, St. Philomena PU College, Govt PU College, and SSPU College** taking part. Their involvement made the event a collaborative and inclusive experience for all.

In conclusion, VISTAAR 2024 was a resounding success, fulfilling its objective of fostering innovation, collaboration, and technical excellence among students. With over 350 participants, the event highlighted VCET's commitment to nurturing the next generation of engineers. Through diverse activities and competitions, VISTAAR 2024 provided students with the opportunity to explore their skills, learn from industry experts, and gain valuable insights into their career paths. The event inspired participants to pursue engineering with enthusiasm and confidence, leaving them with lasting memories and newfound knowledge.
